Welcome to the COI developer wiki.

COI - Chat Over IMAP - is an initiative to provide a modern messaging experience on top of email.

To learn more about COI visit <https://coi-dev.org> or join the COI developer mailing list by sending a mail to [dev-join@coi-dev.org](mailto:dev-join@coi-dev.org).

These pages update frequently while the COI specification drafts are finalized.
